

Triton™ is here.

Turf disease, on the other hand is leaving.

Chipco® Triton™ is a new broad-spectrum fungicide that is descending on turf diseases everywhere. Now you'll be able to get rid of anthracnose, brown patch and dollar spot while keeping your turf healthy and green. Even better, when you combine Triton with other Bayer products containing *StressGard*™, like Chipco® Signature, you get unbeatable protection against the stress your golf course faces, even in the summer heat.

As always, you're Backed by Bayer. And that means our team of professionals is your team of professionals. All of our research and support is to ensure you have the most effective products available. Superior products and superior support – only from Bayer.
