

"I've been in the business for 34 years and 2005 was one of the toughest summers ever. But we didn't have any disease on the fairways we treated with Tartan."

J. Volk, Chagrin Valley Country Club, Chagrin Falls, OH

"I liked the ease of using Tartan...no mixing and worrying about several products. It covered us for half the season."

F. Riedel, Stanton Ridge Golf Club, Stanton, NJ

Turf Disease	Tartan Use Rate (oz per 1,000 ft ²)	Application Interval
Dollar spot	1-2	14-28 days
Brown patch	1-2	14-28 days
Gray leaf spot	1-2	14-28 days
Leaf spot	1-2	14-28 days

WHAT IT IS.

Golf fungicide with *StressGard*[™] which enhances stress tolerance and quality.

WHAT IT GIVES YOU.

Two words: healthy turf. Delivers a 21-day residual for dollar spot, brown patch and more. Contact and systemic action, preventive and curative control, and stress management properties, too.

WHY IT BEATS THE COMPETITION.

- A product for vigorous, healthy turf
- 21-day residual, longer than many fungicides
- Only broad-spectrum fungicide with *StressGard*[™] to fight stress even in the worst summer heat

HOW IT MAKES YOUR JOB EASIER.

Premium turf. Disease resistance is built in and Tartan is cost-effective enough for fairways, but excellent on greens and tees. So sit back and take in the compliments on playability.

RELAX. YOU'RE BACKED BY BAYER.

Training. Troubleshooting. Innovating. Count on us to stand behind you now and for years to come. Get science and support at BackedByBayer.com or 1-800-331-2867.

THE SCIENCE OF TARTAN® FUNGICIDE.

While most fungicides can fight disease, Tartan® also helps you manage turf health, turf stress, and your time. It has contact and systemic properties and is preventive and curative. The end result is premium turf that's lush, green, healthy and ideal for play.

Broad spectrum control:

- Dollar spot
- Summer patch
- Anthracnose
- Gray leaf spot
- Summer patch
- Pink snow mold
- Leaf spot
- Fusarium patch
- Brown patch

StressGard™ fights stress.

You already know Signature as the foundation fungicide for stress management programs at golf courses all over the country. Tartan contains the same technology, called *StressGard*™, which helps fight stress even in the worst summer heat. *StressGard* improves turf quality with unmatched results:

- Vigor
- Density
- Stress tolerance

The end benefit is another tool to help keep the golf course in top playing conditions during times when you need it most – during summer stress.

Frequently asked questions.

>Q Is Tartan a fairway fungicide?

>A It's excellent throughout the course, including greens and tees. But it's also cost-effective for fairways.

>Q What about tank mixing?

>A It's usually not necessary. But if secondary disease is an issue, you'll find that Tartan is easily compatible with most other products.

THE SCIENCE OF YOUR PROFESSION.

Every ounce of Tartan is Backed by Bayer, and all the science and support you need to get the job done right. That's what you should expect from an industry leader.

Our staff is your staff.

No one invests as much in product development as Bayer. Our scientists' expertise in chemistry and formulation technology is unrivalled around the world. Our field sales and technical representatives are always ready to help you. You'll find them and additional information 24 hours a day, 7 days a week at BackedbyBayer.com.

Product support year round.

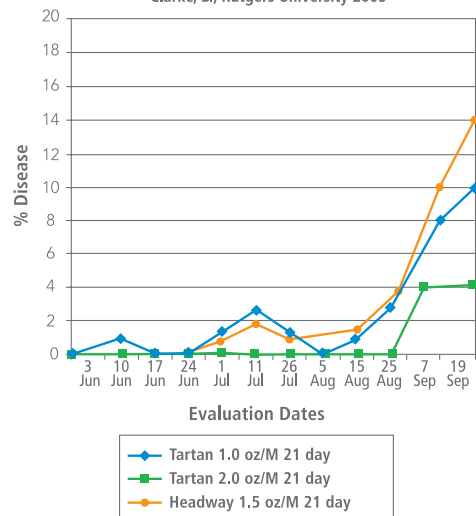

We'll help you diagnose problems, troubleshoot issues, and get every product benefit you expect—and even some you don't. We also offer interactive training throughout the year.

Complete satisfaction guarantee.

Bayer guarantees your satisfaction, after all, your success is our success.
